## Persistent Organic Pollutants (POPs)

Hammond Power Solutions hereby declares that our products do not contain any of the organic pollutants listed by the **Persistent Organic Pollutants Regulation (POPs) covered by regulation (EU) 2019/1021**. This regulation contains a list of organic pollutants that could impact the environment or accumulate in living organisms and pose a risk to our health and safety.

The full list of these Persistent Organic Pollutants can be found at: <https://www.echa.europa.eu/list-of-substances-subject-to-pops-regulation>

Hammond Power Solutions is an environmentally and socially responsible company committed to providing safe and high-quality products to our customers. We will continue to monitor the POP list for new organic pollutant additions, compare these to the raw materials in our finished products, and communicate this information to our customers.

A handwritten signature in black ink, appearing to read "Jeff Perry". The signature is fluid and cursive, with the first and last names being clearly legible.

Jeff Perry
