

Global Solutions

Global Solutions

COMPANY

With our headquarters in Ontario, Canada, HPS operates out of multiple plants located throughout Canada, US, Mexico and India. HPS has expanded its manufacturing and product base to offer the broadest ranges of both standard and special transformers.

Founded: 1917

Number of employees: 1,330

Ownership: Hammond Power Solutions (HPS) is a public company traded on the Toronto Stock Exchange ("HPS.A")

GLOBAL PRESENCE

HPS offers a broad range of dry-type and liquid filled transformer capabilities through our International Companies:

- Hammond Power Solutions, Canada
- Hammond Power Solutions, U.S.A.
- Hammond Power Solutions SpA, EMEA
- Hammond Power Solutions Private, India

COMPETITIVE EDGE

HPS is a global leader for the design and manufacture of standard & custom transformers and associated magnetics.

- Global manufacturing presence
- Multiple channels to market
- Extensive engineering expertise
- Customer service
- High-value products which can be offered to meet any global design/regulatory requirements

MISSION

We are a growing and profitable supplier of transformers and related magnetic products dedicated to satisfying the collective needs of our shareholders, customers, suppliers, employees, and community.

VISION

To be the leader in our industry by delivering:

- Lead times as defined by our markets
- A broad range of products
- Quality in all that we do
- Technical expertise
- Consistently strong financial performance

VALUES

- We value honesty, integrity and ethical behavior in our relationships with all stakeholders.
- We value innovation and a relentless pursuit of continuous improvement in all our processes.
- We value timely decisions based on facts and knowledge.
- We value a team-oriented approach.
- We value the personal safety of all stakeholders.
- We believe in treating all stakeholders with dignity and respect.

CUSTOMERS

Through our extensive standard and custom product offering, HPS is able to provide a convenient one source solution.

Our engineering design staff work directly with you to produce the most optimum and cost effective solution for your application. We will design to your specification requirements and all transformers are built with modern manufacturing techniques.

HPS is also a major global supplier to leading drive manufacturers. Our innovative products are used in the most demanding applications requiring performance, reliability, and energy efficiency.

MARKETS

PRODUCTS

Dry-type Transformers

Offer thousands of standard transformers up to 35MVA, 46kV Class:

- Autotransformers
- Buck-Boost Transformers
- Control Transformers
- Custom Products
- Drive Isolation Transformers
- Encapsulated Transformers
- Energy Efficient Distribution Transformers
- DV/DT Filters
- Medium Voltage Distribution (Power Transformers (Energy Efficient Option)
- Reactors (Current Limiting, Damping, Tuning, & Smoothing Reactors)

Cast Coil Transformers

- Up to 3MVA, 35kV Class
- Standard and custom design units for various applications including drives, mining, pole mount, and other specialized applications.

Liquid Filled Transformers

- Transformer up to 50MVA, 132kV Class
- Distribution, power and specialized type units
- Designs for various applications including steel mills, mining, drives, and other specialized applications.
