HPS People Movement

- HPS is pleased to announce the appointment of Dan Ebben to the position of Director, US Distribution Sales effective April 28, 2023. Mr. Ebben has joined the HPS team after 25 years with Werner Electric Appleton, WI, where he most recently held the position of Vice President of Strategic Accounts and Initiatives.
- Dan will begin the transition of business processes and activities with the support of Fred Rampone until the end of the year.

Power Quality Lab Update

- Based in Guelph, ON, allows customers to experience real time testing of HPS power quality product either in person or virtually.
- The main products that can be tested are line/load reactors, passive harmonic filters, active harmonic filters, and dV/dT filters.
- Customers can request a session by contacting their local HPS representative or Regional Sales Manager.
